Loan Repayment

Both your full-time Canada Student Loan and your Manitoba Student Loan are interest free while you are going to school full-time. Manitoba Student Loans are also interest free while you are in repaying your loan, and full-time Canada Student Loans accumulate interest as soon as you stop going to school full-time. Many people move after leaving school, so be sure to register for online loan services and you can easily update your personal information with the Student Aid Service Centre and the National Student Loans Service Centre. You can also contact them directly to update your information. They'll be sending you important information to get you started on the path to repayment.

Consequences of not paying

Ignoring your student loan is a poor choice with major consequences that can follow you for many years to come. This is the process that starts when you stop paying (default) your student loan payments:

- The Government of Canada, your provincial government, and/or your lending institution will take steps to recover the debt.
- These steps may include using collection agencies and/or taking legal action.
- All defaulted loans are reported to credit reporting agencies and will negatively affect your credit rating.
- Any GST credit or income tax refund that you may be eligible to receive will be redirected to repay your loan.
- You will lose your eligibility for further student loans until you bring your loans into good standing.

Get help! If you are having difficulty making your loan payments, you may be eligible for repayment options designed to help you through a rough spot.

ACADEMICS

Academic Honours

Upon meeting the graduation requirements, those students who have displayed academic excellence will be awarded the designation “With Honours.” To be eligible for academic honours, a student must have (1) an overall average percentage of 90%, and (2) no individual course mark under 80%.

Academic Integrity

Students are expected to uphold academic integrity and to act honestly, respectfully, and ethically. Commonwealth College will not tolerate academic dishonesty including but not limited to:

Cheating – including but not limited to: copying another student’s work, cheating on an assessment, utilization of unauthorized assistance, use of one assignment for multiple submissions without prior approval, and/or assisting another student with cheating.

Falsification – including but not limited to: sharing your password with other individuals, using another student’s login information, allowing another individual access the online course, and/or allowing another individual to complete online assessments.

The consequences for cheating and/or falsification may include but are not limited to: written warning, rewrite assessment or complete new assessment, failing course grade, withdrawal from the program.

Plagiarism – including but not limited to: using material without proper citation of sources, misrepresentation, and/or claiming another’s work as your own.

The consequences for plagiarizing are as follows:

- (1) 1st instance - Warning from the instructor and the assignment must be re-submitted or a mark of zero will be assigned.
- (2) 2nd instance - Repeated warning from the instructor and a mark of zero for that assignment will be assigned with no opportunity to re-submit the assignment.
- (3) 3rd instance - A mark of zero on the course and possible withdrawal from the program. If the student is allowed to remain in their program, they must pay to repeat the course. However, if the failure due to plagiarism is on their second attempt at a course, they will be withdrawn from their program (see Commonwealth College Retake Policy).

Course Schedules

Commonwealth College will make every reasonable effort to ensure that students have the optimum student experience. Commonwealth College will automatically register students in the courses required for their program, which may be adjusted upon unsuccessful completion of prior term courses. Commonwealth College reserves the right to adjust course schedules and/or cancel or merge courses or programs.

Grading Standards

Students must achieve an overall average of at least 70%.

*Refer to course outlines for specific grading details.

Attendance

Punctuality and regular attendance are expected from all students. Students should treat their program as they would a job. Students are required to notify the school, in advance of classes, if they are ill or otherwise unable to attend.

Attendance Policy

Class attendance and participation are essential to student success at Commonwealth College. Please adhere to the class hours set by each campus. All absences, late arrivals, and early departures will be recorded and factual information will be provided to funding agents, sponsors or any potential employers. Attendance records will also be kept in student files.

If a student is absent from class for three days or more, documentation must be provided to support the absences. Examples are: medical certificate, funeral notice or obituary, etc. This should be submitted before returning to class.

If more than 10% of an individual course is missed, it will be at the discretion of administration if a student may retake the course at a later date at the student's expense.

Important:

- o Five (5) consecutive class days absence without notification to the school will result in immediate withdrawal and notification to funding agencies as required.
- o Ten (10) consecutive class days absence from school, even with notification, will be considered a withdrawal from the program.

A student who misses more than 10% of their total program hours may be withdrawn from the program.

Instructors will not be available for tutoring if a student has high absenteeism.

Instructors can, at their discretion, deny a late student entrance to a classroom. The student may be refused entry to minimize disruption, and only allowed in at the first break.

The above guidelines apply only to theory/practical hours at the college. 100% attendance is expected on practicum, although the 10% absence policy is in effect. Being absent or late on practicum may result in the practicum host cancelling the student's placement without warning. An administrative fee will be applied if a second practicum placement is required. Any absences from practicum may need to be made up.

Failure of a Course

Should a student fail a course, one of the following may occur which could affect current and/or future funding:

- The student will need to retake the course, either in tandem with their regular program schedule, or with a subsequent program cohort. This option is subject to the availability of a given course and at the discretion of campus management (refer to the Retake Policy for further details).
- The student will be academically withdrawn from the program and required to reapply to a subsequent start date for the same program should they want to continue with their studies. During the lag time between the withdrawal date and new start date students are encouraged to develop an action plan to help ensure a successful retake of the course.

Retake Policy

At the discretion of campus management, (pending course availability) students may be given the opportunity to retake a course to achieve a passing grade. The following guidelines will apply:

- Students that receive a mark below 70% in a course have the option to retake the course once, if the course is offered again within the contracted study period.
- Students can retake up to 25 % of the courses in their program (to a maximum of four), provided the courses are offered again within the contracted study period.
- Students that receive a mark below 70% in more than 25% of the courses in their program may be administratively withdrawn.
- Students that receive a mark below 70% in more than 25% of the courses in their program will not be able to repeat the program.
- Students who voluntarily withdraw from the program have up to six months from the date the student withdrew to continue their program (documentation of extenuating circumstances may be required).
- Student funding may be affected and fees may apply.
- All course grades will appear on the student transcript.

Rewrite Policy

Students who fail to achieve a mark of 70% on a discussion, quiz/test, skills check, or assignment may be permitted to rewrite up to two of these assessments per course at the discretion of the instructor.

Students who fail to achieve a mark of 70% on a final exam may be permitted to rewrite up to two exams per program as long as both of the following criteria are met:

1. The mark on the original exam is less than 70% (or otherwise noted) and;
2. This is the first rewrite for this course. Two rewrites for the same course is not permitted.

Additionally, for rewriting exams, the following guidelines apply:

- Students who are rewriting an exam may not attend the class review of the exam questions.
- Students that achieve a mark of 70% or higher on a rewrite will receive a maximum mark of 70%. Students that achieve a mark less than 70% will receive the mark achieved.
- All exam rewrites will be scheduled outside of class hours and within two weeks of original exam date.
- Fees may apply; additionally, failure to sit the scheduled rewrite exam for any reason will result in the student forfeiting the fees. Rescheduling of forfeited rewrites is at the sole discretion of the academic department and would require the student to pay for a rescheduled exam.

Textbooks/eBooks/Materials

Course instructional materials are in the form of physical textbooks, eBooks, or other electronic materials, software, and/or media which will be provided to students by Commonwealth College.

Graduation Requirements

Diplomas and transcripts are awarded to students who have met the following graduation requirements:

- Successful completion of each course in their program.

Additional copies of transcripts and diplomas may be requested for a fee of \$20 per document.

- During practicum, students must dress in appropriate facility attire or uniform, including a name tag as required.
- Out of respect, English and French is to be spoken at all times while on location.
- Cell phone usage is not permitted at any time outside of scheduled breaks while on the practicum site.

Commonwealth College Sexual Harassment Prevention Policy and Guidelines

1. Policy Application

The Policy applies to all members of Commonwealth College community including students, staff, faculty, administrators, contract service providers, contractors, officers, directors and individuals who are directly connected to any student initiatives, volunteers and visitors.

2. Purpose and Intent

All members of Commonwealth College's community have a right to study and work in an environment free of sexual violence and sexual harassment.

The College recognizes that certain populations are at greater risk of sexual violence in Canada, including:

- Young women and girls
- Indigenous women

- Women living with cognitive or physical disabilities
- Individuals within the LGBT2SQ+ community
- Newcomer women and women from ethnocultural and racialized communities

We recognize that many of our students attending Private Commonwealth Colleges fall within these populations and we want to emphasize that it is our intent to assure a positive learning environment for all our students regardless of what population they may belong to. To address this we have called upon members from all populations in the development of this policy.

The purpose of this policy is to articulate Commonwealth College's position with respect to sexual violence and establish a formal response protocol for disclosures of incidents of sexual violence.

This document sets out our policy on sexual violence and sexual harassment, defines the prohibited behaviours, and outlines our inquiry processes for sexual violence and sexual harassment. The policy further outlines the procedures the Commonwealth College will undertake to educate its community on avenues to prevent sexual harassment.

The Scope

The Policy applies to incidents of sexual violence or sexual harassment that have occurred to members of the College community. The College wishes to offer support to any member of the college community that have been victimized by such actions.

3. Definitions

CONSENT

Consent is central to sexual assault. The Criminal Code of Canada defines consent as it relates to sexual assault as the voluntary agreement to engage in sexual activity. An individual must actively and willingly give consent to sexual activity. Simply stated, sexual activity without consent is sexual assault.

Young people, like many others, often do not fully understand consent and can feel that the line between consensual sexual acts and sexual assault can be unclear. This is particularly true when an acquaintance, friend, or partner is the perpetrator.

Consenting to one kind, or instance, of sexual activity does not mean that consent is given to any other sexual activity or instance. No one consents to being sexually assaulted.

Where consent does not exist (lack of agreement): a person can express a lack of agreement verbally or through conduct (such as physically resisting advances). The Criminal Code makes it clear that a person can, after initially giving consent to engage in sex, revoke consent at any time by expressing a lack of agreement to continue engaging in sexual activity.

In other words, consent:

- Is never assumed or implied
- Is not silence or the absence of “no”
- Cannot be given if the victim is impaired by alcohol or drugs, or is unconscious
- Can never be obtained through threats or coercion
- Can be revoked at any time
- Cannot be obtained if the perpetrator abuses a position of trust, power or authority

It is not for Commonwealth College to weigh or determine whether or not consent has been given. This purpose of the policy is not to examine or investigate sexual assault allegations, but rather to inform all members of the college community of their responsibility to eliminate harassment and inform victims of their rights.

For more information on consent, please refer to <http://www.gov.mb.ca/youarenotalone/consent.html>

Cyber harassment/ cyber stalking:

Often used interchangeably, cyber harassment and cyber stalking are defined as repeated, unsolicited, threatening behaviour by a person or group using cell phone or internet technology with the intent to bully, harass, and intimidate a victim. The harassment can take place in any electronic environment where communication with others is possible, such as on social networking sites, on message boards, in chat rooms, through text messages, or through email.

Date rape: The term “date rape” is interchangeable with “acquaintance sexual assault”. It is sexual contact that is forced, manipulated, or coerced by a partner, friend or acquaintance.

Disclosure: For the purposes of this document, a disclosure is made to any individual other than the police or other judicial official.

LGBT2SQ+: The LGBT2SQ+ community includes people who identify as lesbian, gay, bisexual, transgender, Two-Spirit, queer, questioning, intersex, asexual, pansexual and/or gender fluid.

Rape: Rape is a term used to describe vaginal, oral or anal intercourse, without consent. Although the term is no longer used in a legal sense in Canada, it is still commonly used and widely understood.

Sexual assault: Sexual assault is any type of unwanted sexual act done by one person to another that violates the sexual integrity of the victim. Sexual assault is characterized by a broad range of behaviours that involve the use of force, threats, or control towards a person, which makes that person feel uncomfortable, distressed, frightened, threatened, carried out in circumstances in which the person has not freely agreed, consented to, or is incapable of consenting to Sexual assault is a crime.

Sexual Violence: any sexual act or act targeting a person's sexuality, gender identity or gender expression — whether the act is physical or psychological in nature — that is committed, threatened or attempted against a person without the person's consent, and includes sexual assault, sexual harassment, stalking, indecent exposure, voyeurism and sexual exploitation.

Sexual Harassment: without limiting the generality of the foregoing, includes:

Any course of vexatious comment or conduct of a sexual nature that is known or ought reasonably to have been known to be unwelcome, including:

- offensive jokes or comments of a sexual nature;
- displaying of pornographic or sexist pictures or materials, including online;
- suggestive or offensive remarks;
- unwelcome language related to gender;
- remarks, jokes, innuendoes, propositions, or taunting about a person's body, attire, sex or sexual orientation;

- leering or inappropriate staring ;
- bragging about sexual prowess;
- physical contact such as touching, patting, or pinching, with an underlying sexual connotation; and
- sexual solicitation or advance made by a person in a position to confer, grant or deny a benefit or advancement to the person where the person making the solicitation or advance knows or ought reasonably to know that it is unwelcome.

Stalking: Stalking is a crime called criminal harassment. Stalking consists of repeated behaviour that is carried out over a period of time, and which causes a person to reasonably fear for their safety.

Victim blaming: Victim blaming occurs when the victim of a crime or an accident is held responsible — in whole or in part — for the crimes that have been committed against them.

4. Policy Objectives

- a. Our College is committed to providing members of our career college community an educational environment free from sexual violence and sexual harassment and treating those individuals who report incidents of sexual violence or sexual harassment with dignity and respect.

We do however; wish to make all members of the community aware that depending upon the wishes of the victim the College may be limited in the depth or its ability to perform any form of inquiry to determine

The training will be annually held and items covered will be:

- What is sexual violence and harassment & What is consent

- How to report an incident and who in the College will be responsible to follow up.
- Education on the subject of sexual violence including awareness of how social media can potentially be involved.

The College will assure that senior staff and those individuals responsible for the inquiry process and handling of any concerns raised by the student will have participated in the MACC training program provided by Klinik on an annual basis.

The college will educate individuals not normally a part of the College community by providing them with the policy. This will include individuals who may interact with the students periodically such as external contractors and service providers.

To the extent it is possible, the Campus Director and Assistant Campus Director will attempt to keep all information disclosed confidential except in those circumstances it believes an individual is at imminent risk of self-harm, or of harming another, or there are reasonable grounds to believe that others in our college community are at risk.

Our College recognizes the right of the complainant to determine whether his or her complaint will be dealt with by the police and/or College management. However, in certain circumstances, the College may be required by law or its internal policies to initiate a more formal internal

investigation and/or inform police without the complainant's consent, if it believes the safety of members of its College community is at risk

Reporting/Disclosure Options

The College recognizes the sensitive nature of sexual harassment and that victims may require different actions by the college in its supportive role. We want to emphasize that should a member of our community feel they have been exposed to any form of harassment the college is there to support them. The College wishes to share the following options for reporting:

1. Support without official complaint.

If a member of the college community believes she/he has been sexually harassed they may choose to not put forward a formal complaint but rather simply wish to have the school assist them through the emotional crisis. The victim/survivor here discloses sexual violence to seek emotional support, medical support, or advocacy but not to report to police.

If such action is chosen by the victim/survivor the college will provide a compassionate supportive role. The role in this situation is primarily to be a listener and provide the student with what resources are available to them.

2. Action where harassment has been by college community member.

If a member of the college community believes she/he has been sexually harassed by a member of our College community, she/he may confront the harasser personally or in writing pointing out the unwelcome behaviour and requesting that it stop; or

Report the complaint to the Campus Director, the Assistant Campus Director in writing, if in person fill out attached (Appendix 2) .

Upon a complaint of alleged sexual harassment being made to the Campus Director, Assistant Campus Director, management will initiate an inquiry. (See College Harassment Complaint Process)

3. Actions where harassment requires involvement of external bodies.

Should the victim/survivor wish to lodge a complaint with the local police department or seek medical assistance the college will provide a supportive role by providing contact information and assisting with the initial communication to that appropriate body.

Disciplinary Measures

If it is determined by the College that a member of our College community has been involved in sexual violence or sexual harassment of a member of our College community, immediate disciplinary or corrective action will be taken up to and including termination of employment or expulsion of a student.

In cases where criminal proceedings are initiated, the College will assist police agencies, lawyers, insurance companies, and courts to the fullest extent.

Where criminal and/or civil proceedings are commenced in respect of allegations of sexual violence or sexual harassment, the College may conduct its own independent inquiry and make its own determination in accordance with its own policies and procedures.

Making False Statements

It is a violation of this Policy for anyone to knowingly make a false complaint of sexual violence or sexual harassment or to provide false information about a complaint. Individuals who violate this Policy are subject to disciplinary and/or corrective action, up to and including termination of employment or expulsion.
