* The Vocational College Preparatory Program (VoPP) is mandatory for all international students for a better academic performance in Canada even if one successfully completes a language proficiency test from his/her home country. There is an additional fee of \$3,850.00 for this program on top of the regular program cost and the details for the VoPP program will be detailed in your offer letter.

If you are already in Canada as a student for over a year from the date of landing in Canada, and transferring from a different post-secondary institution to Commonwealth College you can challenge the VoPP through a test. Upon successful completion of this challenge test (with a grade of 70% or higher) you will only be charged \$1925.00.
